www.linkedin.com/in/abdul-rafey-siddiqui/

Date of Birth: 21/07/1991

I am a results-driven professional with 14+ years of experience across operations, stakeholder management, training, and administration, with a strong focus on communication, coordination, and relationship building. With an MBA in Marketing and a background in Mechanical Technology, I bring a unique combination of technical understanding and business insight. Throughout my career, I have worked with diverse teams, including multinational collaborations, and contributed to growth-focused initiatives, outreach activities, and stakeholder engagement. My experience includes managing relationships with internal and external stakeholders, supporting recruitment and outreach efforts, coordinating with partners, and ensuring smooth execution of operations. I have also been involved in process improvement, team coordination, and performance monitoring. I am now focused on opportunities in Sales, Marketing, and Business Development, where I can contribute to client relationship management, partnerships, lead generation, and business growth. I am particularly interested in roles that involve communication, client interaction, and strategic growth, and I am open to both full-time opportunities and freelance projects.

EDUCATION

MBA - Master in Business Administration

Jan 2021 – Present

Indus University - Karachi

- Completed MBA | M.Phil in Marketing with thesis, reflecting advanced research capabilities and scholarly rigor. Achieved A grades in Marketing Management, Digital Marketing, Principles of Management, IT for Managers, Operations Management, Strategic Management, Financial Management, and Business Research Methods. Earned A- in Services Marketing, Statistical Inference, Cost & Managerial Accounting, and Advanced Research Methods.
- Research Focus: Completed rigorous thesis involving advanced research methodology, data analysis, and scholarly writing—key strengths for strategic roles requiring evidence-based decision making.
- This dual qualification (MBA + M.Phil) uniquely combines practical business strategy with advanced research expertise, enabling data-informed marketing and sales strategies.

B. Tech(Hons.) - Bachelor in Mechanical Technology

Jul 2015 – Jul 2019

Indus University - Karachi

- Graduated with First Class Honours (CGPA 3.53/4.00). Earned multiple A+ grades in Machining Processes, Production Automation, Metrology & Gauging, and Applied Mathematics. Achieved top grades in hands-on laboratory courses.
- Core Curriculum:
- Manufacturing: Machining Processes, Production Automation Mechanical Systems: I.C. Engines, Refrigeration, Machine Design
- Quality Management: Total Quality Management, Metrology
- Fundamentals: Applied Mathematics, Thermodynamics
- Technical Skills: Computer Aided Drawing, Programming
- Active member of student societies and Indus Student Volunteer, engaging in technical workshops and interdisciplinary activities.
- This B. Tech built upon my Mechanical Diploma, preparing me for roles in production, quality assurance, design engineering, and technical training.

DAE - Diploma of Associates Engineering in Mechanical Technology

Jul 2007 – Jul 2011

Government College of Technology, S.I.T.E, Karachi - SITE, Karachi

- Completed a comprehensive three-year Diploma of Associate Engineering in Mechanical Technology, acquiring strong theoretical knowledge and practical skills in mechanical systems, manufacturing processes, and engineering design.
- This rigorous program provided hands-on training in workshop practices, machine operations, CAD/CAM applications, and quality control methodologies—forming the technical bedrock for my subsequent engineering and management career.

WORK EXPERIENCE

Deputy Manager

Feb 2021 – Present

The Hunar Foundation - Korangi, Karachi

- K-Electric POC & Contract Compliance: Single point of contact for K-Electric training mandate; secured and sustained PKR 20M+ annual revenue through renewals and compliance management.
- Industrial Revenue from PQC Contractors: Monetized KE PQC network to deliver paid training, generating PKR 5M+ annually across multiple contractors (Iqbal, Al-Hakim, Multitech, Zafar, Dynamic Power, Rizwan, Creative Electronics, National, Mega-Tech, etc.).
- Manpower & HR Outsourcing Partnerships: Onboarded HR/outsourcing firms as training partners, driving PKR 10M+ annual revenue (clients include MM Associates, Prime HR, Fulcrum, HRSG, Secom, Husnain Tanweer).
- Commercial Operations & Financial Recovery: Managed proposal budgets, enforced advance fee collection, and recovered outstanding third-party payments to protect cash flow.
- Strategic Network & Cross-Industry Relations: Maintained active commercial relationships across power utilities, manpower services, and engineering contractors; strengthened THF positioning within the KE ecosystem.
- Capacity Growth & Service Alignment: Scaled training throughput from 170 to 270+ trainees and shifted delivery to meet real-time industry demand rather than academic cycles.

Assistant Manager

Nov 2020 – Apr 2021

Community Health Solutions - Shahr-e-Faisal, Karachi

- Streamlined Daily Operations: Optimized fleet management, inventory control, and resource allocation to enhance operational efficiency.
- Vendor Relations: Established and maintained strong vendor relationships, negotiated favorable terms, and resolved longstanding issues effectively.
- Cost Optimization: Designed and implemented strategies to reduce operational costs and improve resource utilization.
- Data Analysis: Utilized data analytics to identify trends and make informed decisions, particularly in fleet management.
- Administrative Excellence: Oversaw quotations, managed inventory supplies, and coordinated fuel card processes to ensure seamless daily operations.

Assistant Registrar

Feb 2019 – Nov 2020

SBB Dewan University - Korangi, Karachi

- Vendor Management & Negotiation: Established and nurtured strong vendor relationships; negotiated favorable contract terms and pricing structures, delivering measurable cost savings and resolving longstanding service issues.
- Cost Optimization & Strategic Planning: Designed and implemented data-driven cost reduction strategies that significantly lowered operational expenditures while maintaining quality. Improved resource utilization across fleet, inventory, and supplies.
- Data-Driven Decision Making: Leveraged data analytics to monitor fleet performance, fuel consumption, and usage trends, enabling informed decisions that enhanced efficiency and reduced costs.
- Operational & Administrative Excellence: Streamlined daily operations through optimized fleet management, inventory control, and resource allocation. Oversaw quotations, managed inventory supplies, and coordinated fuel card processes to ensure seamless execution.
- Cross-Functional Impact: Collaborated with internal teams to implement process improvements, ensuring alignment with organizational goals and delivering operational efficiencies that supported overall business objectives.

Senior Instructor

Apr 2017 – Feb 2019

Aman Tech Foundation - Korangi, Karachi

- Industry Partnerships & Stakeholder Engagement: Cultivated strong relationships with industry professionals, organizing guest lectures and networking opportunities that exposed students to current market trends and career pathways. Acted as a bridge between classroom and corporate sector, ensuring training aligned with evolving industry demands.
- Curriculum Development & Program Innovation: Designed comprehensive academic materials, including books and hands-on modules, for AutoCAD 2D & 3D (Civil & Mechanical) and PTC Creo 4.0. Pioneered the integration of real-world projects, significantly boosting student engagement and knowledge retention.
- Student Mentorship & Career Outcomes: Mentored students through complex technical concepts, providing personalized support that helped them secure industry-recognized certifications and improve employability. Consistently received outstanding feedback for effective teaching strategies and commitment to student success.
- Cross-Functional Collaboration: Partnered with internal teams and external stakeholders to align training content with market needs, demonstrating the ability to communicate complex value propositions and build trust with diverse audiences.

Administrative Assistant

Nov 2015 – May 2017

Hamdard University - Hub, Karachi

- **Stakeholder Liaison & Faculty Coordination:** Served as primary liaison between faculty members and administration, ensuring effective communication and smooth coordination of academic activities. Acted as a trusted resource for faculty on policies, appointments, and performance management.
- **Student Lifecycle Management:** Administered end-to-end student support from registration through graduation, handling queries, complaints, and compliance with university regulations. Coordinated examination processes to ensure accuracy, fairness, and adherence to guidelines.
- **Policy Development & Process Improvement:** Played a key role in drafting and implementing university policies and procedures, contributing to institutional governance. Streamlined administrative processes to enhance daily operations and resource allocation.
- **Operational & IT Support:** Delivered technical assistance to faculty, staff, and students, resolving IT-related issues promptly. Maintained accurate inventory records and managed supplies to meet operational requirements efficiently.

Assistant Plant Manager

Feb 2011 – Aug 2015

Imran Crown & Cork (PVT) Ltd - SITE, Karachi

- **Plant Operations & Process Optimization:** Supervised end-to-end plant operations, managing production workflows and ensuring compliance with quality standards. Monitored process control equipment—including valving, packaging, and engineering systems—to optimize efficiency and minimize downtime.
- **Quality Assurance & Compliance:** Enforced rigorous quality control protocols aligned with ISO standards, ensuring product excellence and preventing defects. Maintained strict adherence to safety and environmental regulations, fostering a secure and sustainable workplace.
- **Continuous Improvement & Strategic Projects:** Designed and executed plant improvement projects focused on enhancing operational efficiency, reducing waste, and increasing overall productivity. Applied root cause analysis to identify process deviations and implement corrective actions.
- **Preventive Maintenance & Reliability:** Implemented preventive maintenance schedules that significantly reduced equipment downtime and extended machinery lifespan. Conducted routine inspections and calibration checks to ensure consistent performance.
- **Cross-Functional Collaboration:** Coordinated with production, maintenance, and quality teams to align operations with organizational goals. Managed inventory replenishment and resource allocation to support uninterrupted production.
