Karachi, Pakistan

Strategic Brand Manager with expertise in managing multimillion portfolios, delivering margin uplift, and accelerating growth through insight-driven brand planning. Experienced in leading cross-functional teams and agency partners to execute high-impact campaigns with significant ROI improvement. Combines analytical rigor with entrepreneurial execution to drive category leadership.

WORK EXPERIENCE

Assistant Portfolio Manager (Seedcare & Biologicals)

Syngenta

2024 - Present

Own end-to-end portfolio strategy, P&L management, pricing architecture, and growth roadmap.

- Delivered **6%** Year-on-Year revenue growth through structured Annual Brand Planning and targeted Growth Action Plans.
- Increased market share by **1.8%** in the premium segment by driving premiumization and differentiated positioning.
- Improved gross margin by **3.2%** via pricing optimization, SKU rationalization, and portfolio mix enhancement.
- Led the launch of Vibrance Premium, an award-winning innovation, ensuring strong go-to-market readiness and commercial alignment.
- Orchestrated fully integrated 360° campaigns across digital, trade marketing, and field activation channels.
- Elevated campaign ROI by **25%** by implementing structured performance tracking, sharper targeting, and post-campaign evaluation frameworks.
- Enhanced farmer engagement and conversion metrics through data-driven media allocation and optimized activation planning.
- Reduced inventory holding by **12%** through improved demand forecasting, S&OP alignment, and tighter collaboration with supply chain teams

Assistant Manager – Market Research & Data Analytics

Syngenta

2023 - 2024

Drove insight-led growth strategy through market analytics, pricing optimization, and cross-functional collaboration

- Led market segmentation, media effectiveness, and brand equity research in collaboration with regional team, converting consumer insights and market research data into actionable targeting strategies, delivering +1–2% market share growth in priority segments.
- Spearheaded New Product Introduction (NPI) concept testing, price testing, and value proposition optimization in collaboration with global team, enabling data-driven pricing strategy, price architecture, and launch decision-making.
- Integrated market intelligence (import/export data), pricing analytics, consumer surveys, and competitive market share analysis to identify whitespace opportunities, unlocking +2–3% gross margin expansion potential through premiumization strategy.
- Embedded insight-led decision-making frameworks into Annual Business Planning (ABP), commercial planning, and investment prioritization, improving marketing ROI, resource allocation discipline, and launch effectiveness by 10–15%.

Commercial Planner

Engro Fertilizers Limited

2022 - 2023

Led end-to-end commercial planning, performance management, and profitability optimization across major fertilizer brands.

- Generated **PKR 400 million** in cost savings, significantly improving portfolio EBIT margins.
- Identified portfolio inefficiencies and executed rationalization initiatives to enhance cost discipline and margin visibility.
- Directed budgeting, forecasting, and S&OP cycles across Sales, Finance, and Supply Chain functions.
- Optimized forecast reliability and reduced planning variances, strengthening working capital management.
- Developed automated commercial dashboards (Qlik) tracking sales, pricing, and market share in real time.
- Institutionalized post-investment ROI measurement to improve marketing effectiveness and capital allocation discipline.

Marketing & Sales Planner

Engro Fertilizers Limited

2018 - 2021

Played a central role in brand growth, market expansion, and large-scale commercial transformation

- Core contributor to the launch of Engro NP Plus, scaling to **PKR 3 billion** in revenue within Year 1.
- Supported aggressive penetration strategy through targeted regional activation and pricing discipline.
- Managed Urea & DAP demand-supply allocation across regions, optimizing placement to protect margins during supply volatility.
- Monitored competitive pricing dynamics and recommended corrective actions to maintain profitability.
- Acted as Commercial Lead for SAP S/4 HANA implementation, ensuring seamless transition without business disruption.

Senior Officer – Communications & CSR

Martin Dow Limited

2016 - 2017

- Designed and executed external and internal brand communication strategies
- Steered advertising, media, and PR agencies, ensuring consistent brand voice
- Leveraged digital and earned media to enhance brand reputation and visibility
- Controlled social media platforms to increase engagement and brand awareness

Marketing Officer

Maple Pharmaceuticals Private Limited

2015 - 2016

- Supported brand planning, innovation launches, and promotional campaigns
- Assisted in developing marketing plans and digital content

KEY BRAND LEADERSHIP RESULTS

- 6% YoY revenue growth delivered
- 3.2% gross margin uplift
- 1.8% premium segment market share gain
- 25% improvement in campaign ROI
- 12% reduction in inventory holding
- PKR 400M cost savings delivered

ACHIEVEMENTS

- Research publications on “Brand-self congruence and brand preference in 2018” and on “Sustainability in 2021”
- Conference Paper on “Business Model innovation in 2022”
- Received appreciation on achieving stretched savings targets
