SUMMARY

Results-driven sales and service professional with extensive experience in international B2B client management, pitching, and business development. Currently specializing in managing a bulk portfolio of Chinese suppliers within the e-commerce/B2B sector at TradeWheel Pakistan, focusing on communication and service efficiency. Proven success as a Sales Agent in the graphic design industry, driving sales conversions, securing new clientele through active pitching, and maintaining high client satisfaction and retention.

International Client Management | Sales & Pitching | Graphic Design Sales | Bulk Supplier Coordination | Client Relationship Management | Order Closing

WORK EXPERIENCE

TRADEWHEEL PAKISTAN

Senior Service Delivery Officer

July 2024 – Present

- Currently managing a bulk portfolio of Chinese suppliers, acting as the primary point of contact for service coordination and effective communication.
- Ensuring timely and accurate service delivery between the suppliers and the platform/clients, streamlining the B2B process.
- Focusing on resolving supplier-related issues and optimizing service flow to enhance overall platform efficiency and supplier retention.

AA SOLUTIONS

Sales Executive

Dec 2023 – May 2024

- Successfully worked as a Sales Agent, managing clients primarily seeking graphic designing services (logos, banners, 2D/3D artwork, etc.).
- Actively engaged in pitching and securing new international clients by analyzing their needs and offering customized service solutions.
- Closed orders independently through persuasive chat handling and effective communication strategies.
- Managed repeat clients and strengthened long-term relationships to increase retention and referral potential.

QUAD SOLUTIONS

Sales Executive

Sep 2022 – Sep 2023

- Managed international clients seeking logo design, banners, emotes, 2D and 3D artwork.
 - Assisted clients throughout the service process, ensuring satisfaction and timely delivery.
 - Supported sales conversions through effective communication and needs analysis.
-
