BISMAH MANSOOR

Customer Service Executive

Customer service professional with 3 years of experience supporting clients across industries. Skilled in handling international calls, resolving issues, and using CRM tools. Strong communication abilities and a proven track record of building customer trust. Looking to contribute my experience to a global team.

Experience

2022 - 2024

TCS Head Office Karachi

Customer Service Representative

- Delivered exceptional customer service through various channels, including phone and email ensuring customer satisfaction in a fast-paced, international environment. Provided timely and accurate product information, solving customer inquiries and resolving issues related to orders, payments, or product details.
- Trained new customer service representatives on international customer expectations and company policies.
- Coordinate and communicate with external parties to ensure acquisition and delivery of shipments.
- Customer Service Certificates received from TCS on excellent performance.
- Making excel reports on daily basis.
- Using complex functions like VLOOKUP, HLOOKUP, IF, COUNTIF, SUMIF, and CONCATENATE.
- Creating and customizing pivot tables to summarize large datasets.

2024 - 2026

UPS Head Office Karachi

Customer Service Officer

- Assigned to multiple customers, responsible for maintaining accurate shipment records in Excel and distributing reports to each customer via email.
- Received calls from international clients, addressed their queries, and provided solutions within the specified timeframe.
- Assigned WhatsApp queries with a resolution target of one hour; received daily tasks aimed at enhancing software knowledge and improving customer trust-building skills.
- Coordinated with the brokerage team, operations team, and international team to manage all processes from shipment receipt to final delivery.

Additional Information

- Internship in Pakistan Council of Scientific and Industrial Research in Computer and Instrumentation Center.
- Work on DC ARC as a final year Project.

Skills

- Conflict resolution and problem-solving
- Time management and multitasking
- Strong teamwork and collaboration skills
- Empathy and active listening skills
- Quickly identifying problems and offering solutions to ensure customer satisfaction and retention
