

SHAHMEER AKHTAR

Karachi, Sindh | 0334-2097600 | akhtarshahmeer30@gmail.com | linkedin.com/in/shahmeer-akhtar-141172235

PROFESSIONAL SUMMARY

Operations and client management professional with a BBA from Iqra University, combining hands-on supply chain experience (inventory control, GRN processing, stock reconciliation) with a strong background in customer support and client relationship management for an international e-commerce platform. Skilled at coordinating across warehouse, production, and logistics teams while maintaining service quality and client satisfaction. Brings strong analytical, organizational, and problem-solving skills to operations-focused and client-facing roles alike.

PROFESSIONAL EXPERIENCE

KRAVEMART – Supply Chain Operations

Nov 2025 – Present

Inventory Supervisor

- Managed inventory put-away operations, ensuring GRN received goods were accurately stored at designated warehouse locations in line with supply chain best practices.
- Handled excess and damaged inventory daily by assigning stock to designated virtual locations to prevent incorrect transfer orders.
- Monitored inventory balancing by reconciling excess and damaged stock quantities to maintain accurate system records.
- Supervised inventory counting activities and prepared daily shift and inventory reports through Google Sheets.

PINNACLE ENTERPRISE

May 2022 – Oct 2025

Customer Success Architect

- Supported Goggles4u, an international eyewear e-commerce platform serving customers in 60+ countries, through calls, emails, and live chats.
- Handled pre- and post-purchase inquiries, including product selection, order changes, refunds, replacements, exchanges, and ERP updates.
- Coordinated with production and logistics teams to resolve customer issues, track overseas shipments, and maintain service quality KPIs.
- Used client management and planning skills to win back terminated customers and build longer-term relationships.

TRIBE CONSULTING

March 2021 – April 2022

Customer Support Executive

- Handled customer queries and complaints for a supplemental pharmaceutical campaign, resolving them accurately and on time.
- Worked alongside sales and support teams to address customer needs and speed up service turnaround.
- Used the internal ERP system to manage work orders and client queries, including project and case tracking.

THE LEAD FORUM

Jan 2020 – Feb 2021

Customer Service Representative

- Worked as a Sales Agent on Durable Medical Equipment (DME) campaigns, managing client accounts and service requests.
- Moved between specialized teams while consistently hitting performance and service targets.
- Handled lead generation and client qualification through careful, detail-focused checks.
