PROFESSIONAL WORK EXPERIENCE

Company Name: Metro by T-Mobile

11 May 2026 – Present

As: Repairs & Maintenance Coordinator (Admin Department)

Key Responsibilities:

Coordinate repair and maintenance operations for 400+ Metro by T-Mobile retail stores across the United States, ensuring timely resolution of facility-related issues.

Source, assign, and coordinate vendors for HVAC, plumbing, electrical, glass, flooring, painting, locksmith, roofing, and general maintenance services.

Prepare professional Scopes of Work (SOWs), repair summaries, approval requests, and maintenance documentation for management review.

Evaluate vendor quotations, invoices, labor charges, and material costs to ensure pricing accuracy and compliance with company policies before approval.

Maintain and manage Microsoft Excel trackers to monitor work orders, vendor assignments, repair progress, costs, approvals, and completion status.

Coordinate daily with District Managers (DMs), Operations Managers (OMs), vendors, and store teams to schedule repairs and provide project updates.

Monitor repair timelines, follow up on quotations and invoices, and ensure the timely closure of maintenance tickets.

Analyze recurring maintenance issues and recommend cost-effective repair solutions to minimize operational downtime.

Ensure all maintenance activities comply with company standards, budget requirements, and service-level expectations.

Build and maintain strong relationships with vendors to ensure high-quality workmanship, timely service delivery, and consistent performance.

Key Achievements

Successfully coordinated maintenance operations for 400+ retail locations across the United States.

Improved vendor response times through effective scheduling, follow-up, and communication.

Streamlined work order tracking and reporting using Microsoft Excel, improving visibility into repair progress and approvals.

Supported business continuity by ensuring maintenance issues were resolved efficiently while controlling repair costs.

Company Name: Snoonu – Karachi, Pakistan

2024 – May 2026

As: Customer Support Executive (Live Chat, Inbound & Outbound Support) | Rider Operations

Key Responsibilities:

Provided Live Chat, Inbound Call, and Outbound Call Support to customers and riders, consistently delivering exceptional customer service while maintaining a 96%+ Customer Satisfaction (CSAT) score.

Managed 10–15 live customer chats daily, resolving inquiries related to deliveries, payments, refunds, order tracking, and account issues with a high first-contact resolution rate.

Coordinated daily operations for a fleet of 117+ delivery riders, ensuring efficient task allocation, route optimization, and timely order fulfillment.

Collaborated with Operations, Logistics, and Customer Support teams to resolve delivery delays, rider concerns, and customer escalations efficiently.

Monitored rider performance and maintained operational records and performance reports to support business operations.

Utilized Salesforce CRM, Slack, FalconFlex, Action Center, Zoho Klaus, and Maqdam to manage customer interactions, rider operations, and workflow coordination.

Maintained operational dashboards and reports, contributing to improved data accuracy and informed decision-making.

Consistently achieved key performance indicators (KPIs), including Customer Satisfaction (CSAT), Average Handling Time (AHT), Quality Assurance (QA), Response Time, and SLA compliance.

Demonstrated excellent communication, problem-solving, and multitasking skills while handling customer complaints, rider issues, and service escalations.

Key Achievements

Maintained a 96%+ Customer Satisfaction (CSAT) score while consistently meeting quality and productivity targets.

Successfully coordinated operations for 117+ delivery riders, contributing to improved operational efficiency and on-time deliveries.

Recognized for outstanding customer service, quick issue resolution, and effective coordination between riders, customers, and internal teams.

Company Name: Tribe Consulting (Daraz & Papa John's Campaigns)

2023 – 2024 (1 Year)

As: Customer Support Representative | Inbound & Outbound Support

Key Responsibilities:

Delivered exceptional inbound and outbound customer support for Daraz and Papa John's, consistently maintaining a 95%+ Customer Satisfaction (CSAT) score.

Managed 100+ customer interactions daily via inbound calls, outbound calls, and CRM systems, resolving inquiries related to orders, deliveries, payments, refunds, cancellations, and account issues.

Applied strong customer service techniques and product knowledge to deliver accurate, timely, and customer-focused solutions.

Maintained comprehensive knowledge of products, services, promotions, and company policies to provide high-quality customer support.

Karachi, Pakistan

* Prominent Clients: Daraz, Soonu, Ibex, Tribe Consulting, Food Panda *

Collaborated with Operations, Logistics, and Marketing teams to resolve delivery delays, incorrect orders, customer complaints, and service escalations efficiently.

Identified upselling and cross-selling opportunities, contributing to increased revenue and customer retention.

Accurately documented customer interactions, complaints, and feedback using CRM and IVR systems, ensuring complete and accurate records for reporting and trend analysis.

Consistently met and exceeded key performance indicators (KPIs), including Customer Satisfaction (CSAT), First Call Resolution (FCR), Average Handling Time (AHT), Quality Assurance (QA), and Service Level Agreement (SLA) targets.

Assisted supervisors by providing customer feedback and insights that contributed to continuous process improvements and enhanced customer experience.

Key Achievements

Maintained 95%+ Customer Satisfaction (CSAT) while consistently meeting quality and productivity goals.

Successfully handled 100+ customer interactions per day with excellent communication and problem-solving skills.

Improved customer retention through effective issue resolution, proactive communication, and personalized customer support.

Recognized for delivering high-quality service while consistently achieving departmental performance targets.

Company Name: TLF (The Lead Forum) – Durable Medical Equipment (DME) Campaign
2022 – 2023

As: Customer Support Representative | Sales Specialist

Key Responsibilities:

Handled inbound and outbound customer interactions, providing product consultation and sales support for Durable Medical Equipment (DME).

Built and maintained strong professional relationships with customers, healthcare providers, physicians, and medical practitioners, resulting in increased customer retention and repeat business.

Identified and engaged hospitals, physiotherapy clinics, medical centers, and healthcare professionals to expand the customer base and generate new business opportunities.

Educated customers on the features, benefits, and proper use of medical equipment, ensuring they selected the most appropriate solutions for their healthcare needs.

Demonstrated extensive product knowledge of Lymphedema Compression Pumps, Compression Braces, UVB Narrowband Therapy Wands, Continuous Glucose Monitoring (CGM) Systems, and other Durable Medical Equipment.

Generated qualified leads, followed up with prospective customers, and successfully converted inquiries into sales opportunities.

Maintained accurate customer records, sales activities, and follow-up schedules using CRM software.

Collaborated with internal teams to ensure timely order processing, customer satisfaction, and seamless service delivery.

Consistently achieved and exceeded monthly sales targets while maintaining exceptional customer service standards.
