EXPERIENCE

2023 - Present

Cubix | Clifton Block 09, Karachi

Senior Digital Marketing Executive

Develop and execute comprehensive digital marketing strategies, oversee content creation, optimize SEO, manage PPC advertising, handle social media campaigns, and implement email marketing initiatives. They analyze data using tools like Google Analytics, employ conversion rate optimization techniques, manage marketing automation, and coordinate affiliate marketing programs. Budget management, competitor analysis, and team leadership also fall within their purview. Staying updated with industry trends and regulations is crucial, as is ensuring compliance and fostering customer engagement. They continuously test and experiment with new tactics and technologies to achieve marketing goals while maintaining a solid data-driven and collaborative approach.

2018 - 2022

ND Marketing Services | Karachi

Digital Marketing Specialist

I developed and led processes to expand retail opportunities, bringing a strong understanding of SEO best practices to the forefront. Through this knowledge, I designed and implemented effective SEO strategies, closely monitored performance levels, and managed the marketing database and data management initiatives. My role also involved creating and activating dynamic PPC campaigns to achieve short- and long-term goals and ROI while skillfully managing PPC budgets and fostering key platform relationships. Constantly monitoring key performance indicators daily, weekly, and monthly, I identified areas for improvement and regularly reported on SEO strategy implementation. I also utilized Google Analytics for website insights and determined new opportunities for paid and unpaid ranking by crafting demand dashboards and Google Ads reports. Lastly, I excelled in creating, deactivating, and implementing e-active paid search strategies, optimizing multiple PPC campaigns simultaneously, and targeting specific audiences through thorough keyword research using tools like Ahrefs and Google Keyword Planner.
